

100 HOSPITALS

25- SHUBHAM HOSPITAL

About The Hospital

Shubham Hospital is a multi specialty hospital serving people since 1999. The motto has always been to achieve 'excellence in patient care'. Through the years it has established itself as a reliable name in healthcare and provides quality and ethical treatment which at the same time is made affordable and customized for each individual patient.

It has undergone recent updates to keep up with today's trends and is now equipped with all modern health care amenities like NICU, ICU, Modular OTs, ventilators, ultrasound, etc. Its major departments are run by alumnus of prestigious King George's Medical University and Sanjay Gandhi Post Graduate Institute of Medical Sciences.
